

# NEWSLETTER TO DIVISION 6 RESIDENTS

*Fall / 2011*

**Larry Spilak, Reeve -MD Division 6 Councilor**

---

Greetings

I hope this letter finds you well and looking forward to the fall season. There have been several developments in the past few months that you may find of interest.

## **Firehall**

Construction has begun on the Fire hall at Heritage Pointe. The successful tender came in under budget and completion is slated for spring of 2012. The facility will be staffed on a full time basis and the hiring and training is in process.

## **Recreation facilities**

We are nearing completion on some of the projects. Heritage Lake and Davisburg are now ready for shale and the backstop for the baseball diamond. This will be followed by seeding the fields and fencing. Completion of this phase is scheduled for this fall. A consultant is being recruited to oversee the design build for the indoor arena at Heritage Heights. Tenders will be requested this fall and construction is slated to begin in Spring 2012 with completion for Fall 2012.

## **Development**

There have not been any major applications or approvals given for redesignation or subdivision in our area. Construction has begun on Artisia, the last phase of the Heritage Pointe Development on the east side of Deerfoot. Land has been secured on this development for a new school site for the Foothills School division.

## **Dunbow Recreation Board**

The members on this board continue their efforts to raise funds for the recreation facilities in our community. The next event is the **Turkey Supper at the Davisburg Hall on Oct.1**. This will also include horse and buggy rides, games, silent auction, antique cars and Lynore Parks famous country baked pies. Seating is continuous from 4:30 to 8 pm. For more information, please contact Lynore Park at 403-938-1022.

***I hope you find some of the above helpful. I would appreciate any feedback and any questions on these or any other MD matters of interest in your area.***

***Regards and best wishes!***

Larry Spilak, Reeve - MD Councilor for Division 6
